REASONS FOR ALLOWANCE

1. The amendment filed on 11/03/2006 has been fully considered and made of record. The various objections and rejections have been overcome.
2. The terminal disclaimer filed on 11/03/2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 6,685,127 has been reviewed and is accepted. The terminal disclaimer has been recorded.
3. The following is an examiner's statement of reasons for allowance: The prior art does not teach, in combination with all other claim limitations, pole teeth of decreasing circumferential length from the opening as claimed toward the core, such that when the needle is used to wind the coils on the pole the needle is not moved into the slots, and each new winding forces the previous winding along the pole tooth toward the core.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
